DESCRIPTION: For a complete job description and minimum requirements please visit: https://niagaracounty.com/Employment/Job_Specs_for_Civil_Service_Positions.php
The centralized Niagara County IT position is typically assigned to work to support the county's GIS technology and mapping systems. The work involves assessing the needs of the department, and working to develop and launch various data collection, data management and geographic mapping tools in an enterprise environment for implementation. The incumbent will also provide technical support by assisting with desktop GIS client installations, sharing GIS knowledge and providing training to department personnel. The incumbent will report directly to the Niagara County IT GIS Coordinator. Does related work as required.

MINIMUM QUALIFICATIONS: **Graduation from a high school or possession of an equivalency diploma AND one of the following: 1. Graduation from a regionally accredited college or university or one accredited by the New York State Board of Regents to grant degrees with a Bachelor's degree in GIS, geography, computer programming or closely related field and one (1) year of full-time paid experience which**

involved demonstrated responsibility for the design and development of Geodatabases and desktop mapping; OR 2. Graduation from a regionally accredited college or university or one accredited by the New York State Board of Regents to grant degrees with an Associate's degree in computer programming, computer science, computer information services, or closely related field and three (3) years of full-time paid experience which involved demonstrated responsibility for the design and development of Geodatabases and desktop mapping.
