This is a professional engineering position involving work of high caliber. The incumbent performs responsible and difficult engineering work at the professional level in the design, investigation, control, maintenance, construction and operation of engineering projects. The incumbent exercises independent judgment based on the knowledge of both theory and practice and the position entails considerable responsibility. The work involves the supervision of varying numbers of professional and non-professional employees, when assigned, by laying out tasks, giving instructions as to required procedures, and making checks on the completion of work as are necessary to insure proper performance. Major technical problems are discussed with the Commissioner, County Manager and/or county committees assigned before taking action. Does related work as required.

**MINIMUM QUALIFICATIONS: Candidates must meet one of the following qualifications:**

**1. Graduation from a regionally accredited college or university or one accredited by the New York State Board of Regents to grant degrees with a Bachelor's Degree in mechanical, civil, or electrical engineering AND four (4) years of full-time paid experience in the engineering field, two (2) of which must have been responsible engineering management experience. Two (2) years of experience must have involved highway and/or bridge engineering; OR**

**2. Six (6) years of full-time paid experience in the engineering field, three (3) of which must have been responsible engineering management experience. Three (3) years of experience must have involved highway and/or bridge engineering.**

**SPECIAL NOTE:**

**Possession of a professional engineering license is required by the Niagara County Administrative Code adopted by Resolution No. 471-76.**

**Apply electronically at: <https://niagara-portal.mycivilservice.com/> or submit paper applications to: Niagara County Human Resources, 111 Main Street – Suite G2, Lockport, NY 14094**
