

EMPLOYMENT OPPORTUNITY

PUBLIC WORKS SUPERINTENDENT

Full Time/Supervisory Position

Civil Service Non-Competitive

Has responsible charge of public works activities in a municipality. The common function of positions in this class is responsibility for construction, maintenance and extension of streets and roads. A Superintendent of Public Works in a specific municipality may be responsible for one or more additional municipal services or activities such as water treatment and distribution, storm and sanitary sewer construction and maintenance, water meter reading, installation and repair, park maintenance, and garbage collection. The work is usually performed under the general direction of an elected official and/or the governing authority. Supervision is exercised over the work of subordinate employees assigned to public work duties. Does related work as required.

TYPICAL WORK ACTIVITIES:

1. Plans, supervises and participates in the construction, extension, repair and maintenance of streets and roads;
2. Supervises and participates in the operation and maintenance of a water treatment distribution system;
3. Supervises and participates in the maintenance and extension of storm and sanitary sewers and water lines;
4. Directs and participates in the removal of snow and ice from streets and road (such as by plowing, sanding, salting, etc.);
5. Supervises the maintenance of municipal greenery, including the planting of new trees, the spraying of trees, and the removal of diseased or decayed trees;
6. Supervises and participates in the care and maintenance of building/facilities, parks and playgrounds;
7. Makes recommendations to the governing authority regarding major projects and the need for equipment, materials and manpower;
8. Supervises the maintenance of motor vehicles and other public works equipment;
9. Prepares budget for public works operations;
10. Keeps records of department activities and prepares reports;
11. Inspects the work of contractors.

FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES AND PERSONAL CHARACTERISTICS:

Thorough knowledge of the principles, practices and equipment used in the construction and maintenance of streets, sidewalks, sewers and related public works activities; thorough knowledge of the practices used and equipment required in the operation and maintenance of a modern municipal sewage treatment plant; good knowledge of the principles and practices involved in operation of public works activities; good knowledge of the principles of physics, chemistry and bacteriology as applied to the operation of a modern municipal sewage treatment plant; ability to supervise and coordinate the work of subordinates; ability to work from plans, specifications, and blueprints; ability to make necessary tests for control of plant operations; resourcefulness; initiative; dependability; good judgment; physical condition commensurate with the demands of the position.

MINIMUM QUALIFICATIONS:

1. Graduation from high school or possession of a high school equivalency diploma; At least 18 years old;
- AND:
2. Three (3) years of progressively responsible experience in one of the following: public works activities; a building construction trade including carpentry, plumbing, masonry or electrical field; engineering related activities including CAD/CAM; building and/or grounds maintenance. This experience must include at least one (1) year in a responsible supervisory capacity overseeing the work of others.

SPECIAL REQUIREMENTS:

Per the New York State Health Code, if the position involves responsibility of the actual operation of water distribution systems, possession of a Grade D Water Distribution System Operator Certificate issued under provisions of the New York State Sanitary Code is required at time of appointment unless another municipal employee possesses an appropriate Water Distribution System Operator Certificate and is formally appointed as "Operator in Charge". It is the responsibility of the municipality to submit this certificate with the application for evaluation before appointment. *Employees in this class must obtain the Grade D Certificate within two (2) years of permanent appointment.*

Salary \$23.00 – \$25.00 per hour, commensurate with experience and qualifications.

Hiring preferences for residents of the Village of Barker, applicants must reside in Niagara County. *The Village of Barker is an Equal Opportunity Employer.*
