The work involves assisting the Environmental Science Coordinator with planning and managing environmental and solid waste management programs and landfill post closure care at the County level. This position focuses on collecting and analyzing diverse data and technical reports using a structured scientific approach; reviewing and interpreting environmental policy; assessing economic and environmental impacts from active and proposed policy; and preparing resources to educate and engage the community. The incumbent will assist with the development, implementation, and evaluation of climate/emission reduction strategies developed in conjunction with updates to local, state, and national policy. The incumbent also provides assistance with various tasks including those related to monitoring at the Refuse Disposal District. Work is performed under the supervision of the Environmental Science Coordinator with leeway allowed for the exercise of independent judgment in accordance with policies, procedures, rules, and laws. Does related work as required.

This position is non-competitive and covered under the HELP Program. Information on the HELP Program can be found here:

<https://www.niagaracounty.com/employment/#outer-1641>

MINIMUM QUALIFICATIONS: The minimum qualifications can be found on the continuous recruitment posting here:

[https://niagaracounty.com/Employment/Job Specs for Civil Service Positions.php](https://niagaracounty.com/Employment/Job_Specs_for_Civil_Service_Positions.php)

Candidates must meet one of the following:

1. Graduation with a Master's Degree in Environmental Engineering, Environmental Science, Natural Resources Environmental Technology, Environmental Planning, Environmental Management, Environmental Studies, Civil Engineering or a closely related field; OR
2. Graduation with a Bachelor's Degree in Environmental Engineering, Environmental Science, Natural Resources Environmental Technology, Environmental Planning, Environmental Management, Environmental Studies, Civil Engineering or a closely related field AND two (2) years of progressively responsible full-time paid environmental management experience involving a combination of the following: climate, environmental, public education and outreach, statistical analysis, program development, and/or regulation compliance activities; OR
3. Graduation with an Associate's Degree in Environmental Engineering, Environmental Science, Natural Resources, Environmental Technology, Environmental Planning, Environmental Management, Environmental Studies, Civil Engineering or a closely related field, and four (4) years of experience as outlined in (2) above; OR
4. An equivalent combination of training and experience as per the limits defined above.

**SPECIAL REQUIREMENTS:** Possession of a valid New York State Driver's License is required at the time of the appointment and throughout the duration of employment.

**NOTE:** Degrees must have been awarded by a college or university accredited by a regional, national, or specialized agency recognized as an accrediting agency by the U.S. Department of Education/U.S. Secretary of Education.
